Manish Kukreja

Senior Product Manager | Marketplaces, B2B SaaS & AI

Delhi NCR | Email: manishkukreja619@gmail.com | linkedin.com/in/manish-kukreja | Portfolio

PROFESSIONAL SUMMARY

Senior Product Manager with 6+ years building consumer, B2B and AI products at CarWale (CarTrade Group), Visit Health (Policybazaar Group) and SiteRecon, a US-focused AI SaaS company. Launched 10+ products from scratch, including dealer products that added **₹11 Cr+ ARR** and an AI car-pricing tool used by **200K+** people a month, and cut AI compute costs **55%** at SiteRecon.

WORK EXPERIENCE

Senior Product Manager, SiteRecon Inc, Noida — April 2026 – Present

- Leading AI product distribution for SiteRecon's AI measurement and estimation software, used by US landscaping, snow-removal and paving companies.
- **Construction Takeoff (Zero to One):** Built a blueprint takeoff product end to end (client-facing app, backend and delivery workflow with the cartography team). Live for two months and projected at **six-figure USD ARR** in its first year; now scoping its AI version.
- **APIs & CRM Integrations (Zero to One):** Turned portal-only takeoffs into APIs and embeddable widgets so clients get measurement data inside their own websites and CRMs. Led the integration with **Jobber**, a leading US field-service CRM, opening the product to **200K+ landscapers**. Own the **multi-million-dollar ARR** distribution target for Scout, the AI property-measurement product.
- **AI Inference Unit Economics:** Own GPU capacity planning and per-order margin for the AI model behind every customer order. Forecasted demand, moved from T4 to reserved A100 capacity, cutting compute costs by **55%** and order delivery time by **75%.**
- **Developer Portal (Zero to One):** Launched and own the developer portal used by **50+ clients** to manage API keys, whitelist domains for widgets and raise support tickets.
- **Core Platform UX:** Own the UX of the "done-for-you" takeoff platform, a **multi-million-dollar ARR** product line.

Product Manager, CarTrade Tech (CarWale & OLX), Mumbai — July 2023 – April 2026

- Owned dealer monetization, UX, AI and Trust & Safety end to end for a **2.5M MAU** used-car marketplace, with a cross-functional team of 11 (devs, designers, analysts). Mentored new APMs and analysts.
- **Dealer Monetization:**
  - **SteerEasy (Zero to One)** – Launched a car inspection service for dealerships and individual buyers, reaching **~₹5 Cr ARR**. Set up WhatsApp, SMS and sales-calling channels to market it.
  - **Luxury Dealer Package** – Created a premium subscription tier for luxury-car dealers (e.g., Mercedes, Ferrari) with a distinct listing design, higher ranking priority and luxury-specific specs, earning **~4X the revenue** of a standard package and adding **₹3.6 Cr ARR**.
  - **Ad & Media Properties** – Launched sponsored slots and lead boosts for clearance stock, lifting dealer ARPU by **15%** and adding **₹2.5 Cr ARR** from featured and sponsored slots.
  - **Dealer Pages** – Introduced Justdial-style microsites for used-car dealers, adding **100K monthly sessions** and improving NPS from **-10 to +30**.
- **AI, UX & Trust:**
  - **AccuPrice (Zero to One)** – Built an AI used-car pricing engine for the BFSI industry (loan sanctioning, insurance, vehicle auctions) at **90% accuracy** and **96% variant coverage**, and launched its consumer version to **200K+ monthly users** with NPS of **+30**.
  - **Image Approval Automation** – Built an AI-based listing approval system that cut turnaround from 4 hours to **<1 minute**, grew average leads per listing **4X** and saved **₹0.6 Cr** a year in operations.
  - **Platform UX** – Improved lead conversion by **40%** and platform NPS from **+10 to +23** through NLP search, advanced filters and rich content modules.
  - **Trust & Safety (Zero to One)** – Set up the Trust & Safety charter, deploying an automated fraud-detection system and better user-reporting workflows to cut fraud cases by **75%**.

Associate Product Manager, Visit Health (Policybazaar Group), Noida — March 2022 – July 2023

- Joined as the first product person in the Retail BU of a health-insurtech platform providing integrated insurance and wellness solutions to 10M+ corporate employees and policyholders.

- **B2B Integrations & Compliance (Zero to One):** Architected the Retail BU strategy and drove PWA and SDK integrations with **insurers and distribution partners** (e.g., Star Health, PolicyBazaar), maintaining **100% IRDAI compliance** across products for a 10M+ policyholder base.
- **Growth & Optimization (Zero to One):** Grew B2B clients from **1 to ~15** in a year, while optimizing core conversion and engagement for **100K+ MAU**.

Founder, Infinite Endurance Technologies, Indore January 2021 – March 2022

A startup focused on IoT-based machine health monitoring and predictive maintenance for manufacturing SMEs.

- Founded an IoT startup to improve predictive maintenance for 4M manufacturing SMEs through sensor-based machine health monitoring.
- Built the MVP, hired a team of four, secured incubation, and piloted the solution across five manufacturing units.

Assistant Manager, Vedanta Resources PLC, Korba December 2019 – January 2021

- Managed a team maintaining a casting and rolling line producing 500,000 tonnes a year, achieving 99%+ equipment availability.

AWARDS
